DR. CHRISTIE'S GALVANIC BELTS, BRACELETS, NECKLACES, AND MAGNETIC FLUID.

For the Removal and Permanent Cure of all NERVOUS DISEASES,

And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the most valuable medicinal discovery of the age.

Dr. CHRISTIE'S GALVANIC BELT and **MAGNETIC FLUID**,

is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in

FITS, CRAMP, PARALYSIS AND PALSY

Dyspepsia or Indigestion,

RHEUMATISM, Acute and Chronic, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST,

Liver Complaint,

SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS AND PHYSICAL ENERGY, and all

Nervous Diseases,

which complaints arise from one simple cause—namely,

A Derangement of the Nervous System.

☞ In NERVOUS COMPLAINTS, Drugs and Medicines *increase the disease*, for they weaken the vital energies of the already prostrated system, while under the strengthening, life-giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives,

consists in the fact that they arrest and cure disease by *outward application*, in place of the usual mode of drugging and physicking the patient, till exhausted Nature sinks hopelessly under the infliction.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years since, more than

60,000 Persons

including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief had been given up, and every thing else been tried in vain!

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford temporary relief, but which leave the patient in a lower state, and with injured faculties, after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worst symptoms of an attack, and simply tie the Belt around the body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

Certificates and Testimonials

From the most Respectable Sources,

Could be given, sufficient to fill every column in this paper! We make a few selections. The first is an

EXTRAORDINARY CASE

and conclusively proves that

"Truth is stranger than Fiction."

The following letter, narrating one of the most remarkable events in the annals of Medical Science, is from the

Rev. Dr. Landis, a Clergyman

of New Jersey of distinguished attainments and exalted reputation:—

SIDNEY, New Jersey, July 12, 1848.

DR. A. H. CHRISTIE—Dear Sir: You wish to know of me what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For about *twenty years* I had been suffering from Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. My physicians were skilful and excellent men; but here their prescriptions failed. About *fourteen years since*, in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which for years after year, caused me indescribable anguish. In the severer paroxysms, the skill of my physicians some times afforded me great relief; but this relief was only temporary! Farther: in the winter of '45 and '46, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. *My nervous system was now thoroughly prostrated*, and as my Bronchitis became worse, so also did my Dyspepsia and Rheumatic affection—thus evidencing that these disorders were connected with each other through the medium of the Nervous System. My sufferings were Indeed severe, and I had no prospect other than being cut off aside from the discharge of those duties, and the performance of those labors, in which my soul was ever found the highest of her joys.

But reasoning from effect to cause, I concluded that the *Nervous System* must be reached, before any hope could be indulged of my obtaining relief from these most distressing maladies. In the whole pharmacopoeia there seemed to be no remedial agent which could reach and recuperate my Nervous System, every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and, though with no very sanguine hopes of their efficiency, I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1846. TO MY GREAT ASTONISHMENT, IN TWO DAYS MY DYSPEPSIA HAD GONE; IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS, NOR HAVE I SINCE OMITTED A SINGLE SERVICE ON ACCOUNT OF THE BRONCHITIS; AND MY RHEUMATIC AFFECTION HAS ENTIRELY CEASED TO TROUBLE ME. If time permitted I should fill a sheet of paper with the details of particulars, but I can now only furnish this brief abstract. My Dyspepsia has *never returned*. The Rheumatism once in a while visits me, but not severely and is easily arrested, and is manifestly being driven from its hold upon my system, and my Bronchial affection is *entirely cured*. Such is the wonderful and happy results of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from neuralgic affections. They have tried them, with HAPPY RESULTS, I BELIEVE IN EVERY CASE.

I am, dear sir, very respectfully yours,

ROBERT W. LANDIS.

☞ Many hundred Certificates from all parts of the country of equally extraordinary character could be given.

☞ No trouble or inconvenience attends the use of DR. CHRISTIE'S GALVANIC ARTICLES, and they may be worn by the most feeble and delicate with perfect ease and safety. In many cases the sensation attending their use is *highly pleasant and agreeable*. They can be sent to any part of the country.

REPUBLIC AIR-TIGHT COOK STOVE.

THE subscribers, in offering their new Stove called the "Republic," of which the annexed engraving is a correct representation, to the consideration of the public, do not deem it necessary to recommend it as superior to every thing else, or a cure for all the ills of life; satisfied that persons of good judgment and correct taste will not withhold their approbation, but will, at least on trial, find it all they want of a good cooking stove.

Believing that those who thoroughly examine their stove will not seek a better one, they would offer to those unacquainted with it the following reasons why they expect to share freely the favors of those who wish to purchase:

1. Its general economy of arrangement, comely proportions, ornamental appearance, and heavy castings.

2. The particular construction of the top plate, by which either of the two front holes may be enlarged in diameter from three to four inches, for the accommodation of brass kettles, or other large-bottomed vessels, or they may be united by removing the two lift-out pieces, forming an oblong oval twenty-one inch by eleven in the No. 3 or 8-inch hole stove, thereby affording a place for the reception of an unusually large wash boiler, at the same time removing the exposed part of the top from the intense heat of the fire.

3. A drop front door, with an air or draft slide, by which the furnace is supplied with heated air. This door, when let down to a horizontal position, makes a convenient platform for a broiler, toasting iron, or other utensil.

4. The flues or fire-passages are much larger than in ordinary stoves, and rounded wherever the direction of the current is changed, thereby ensuring a full and free draft over, behind, and under the oven, the smoke-pipe, when the dampers are closed. Or the whole force of the fire may be directed to either of the back boilers by opening one or the other of the two swing dampers that control the passage from the fire to the pipe. The damper-turns pass through the top plate on either side of the pipe collar. The top is made extra strong by a deep flange cast on the inside, extending from the front to the pipe collar, and resting on the oven top, divides the current from the fire in its passage to the descending flues, or to the exit pipe when the dampers are open.

5. The upper side of the oven-top is spiculated and coated with a non-conducting cement, thereby protecting the top of the oven from too intense a heat—a difficulty much complained of in reverting flue stoves.

6. The oven bottom is made thoroughly hot by the large space allowed to the flues, through which the heat passes in its way to the exit-pipe, and also by the spiculæ on the stove bottom, coated like the oven top with non-conducting cement, which prevents the loss of heat downwards.

Also, every description and pattern of cook stoves to be found in this market, *without any exceptions* together with every article usually kept in a stove establishment.

AGENCY FOR BUSINESS

With U. S. Patent Office,

WASHINGTON.

NO. 22 STATE STREET, BOSTON.

IN 1840 the subscriber was appointed by the Commissioner of Patents, Agent of the U. S. Patent Office, in accordance with the 10th Sec. of Act of '37.

Having relinquished the Agency for the transmission of Models, and adopted a more expeditious mode of sending them to the Patent Office *whereby a Patent may be procured about six weeks earlier*, he continues to forward them free of expense,—to prepare Caveats, Specifications, Assignments, and all the necessary Papers and Drawings for Patents; and to render advice on legal and scientific matters respecting the same. Patents secured in Europe and other countries.

By application at this office, inventors are saved the time and expense of a journey to Washington and delay there, as well as all personal trouble in obtaining their patents. They also have the advantage of *verbally* explaining their inventions, and of consulting in respect to them; *matters, in general, of paramount importance in order to obtain correct specifications and claims.* The experience of *sixteen* year's practice, an extensive collection of rare works, decisions, &c. on mechanical subjects, the Patent Laws, and patents of different countries, collected at much expense during the long time this office has been established, together with accounts here kept of Inventions patented at Washington, enable the subscriber to afford to inventors desirous of procuring Patents, assistance and information which in other respects might be difficult of attainment.

R. H. EDDY, Solicitor of Patents.

WASHINGTON, JULY 21, 1849.—During the time I occupied the Office of Commissioner of Patents, R. H. EDDY, Esq., of Boston, did business at the Patent Office as Solicitor for procuring Patents. There were few, if any, persons acting in that capacity, who had so much business before the Patent Office; and there were none who conducted it with more skill, fidelity and success. I regard Mr Eddy as one of the best informed and most skillful Patent Solicitors in the United States, and have no hesitation in assuring Inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE,
Late Commissioner of Patents.

GREAT IMPROVEMENT IN

***Planing, Tongueing, and* Grooving Lumber.**

JOSEPH P. WOODBURY'S

Patent Planing Machine.

THE subscriber having received Letters Patent for a stationary Cutter, Planing, Tongueing and Grooving Machine now offers for sale Machines and Rights to use the same. This machine will plane 6 000 feet of boards to any uniform thickness, in one hour producing a better finished surface than it is possible to plane by any other means now known, not excepting the hand plane, and is peculiarly adapted to plane and joint clapboards, or weather boarding, and will do the work faster and better than any machine heretofore invented. This machine is so arranged that it planes the board with an unbroken shaving the whole width and length of the material, and does not take more than two thirds the power that is required to do an equal amount of work by the Rotary Cutting Cylinder, now in common use. The construction and organization of this machine is different from any other now in use. Communications for further particulars cheerfully responded to by addressing the subscriber (post paid,) Boston, Mass.

One of the above Planing Machines may be seen in operation by calling on the Patentee.

THE Subscribers have purchased the right of manufacturing and vending HINKLEY'S IMPROVED PATENT BEDSTEAD for the city of Bangor.

This improvement is simple in its construction and consists in furnishing a substantial Bottom to Bedsteads, which shall be elastic and have all the advantages of a Slat, or Sacking Bedstead, while at the same time, it serves to secure the posts and rails compactly together, without other aid. It can be fitted to any Bedstead, *old or new*, with much less time and labor than is required to put in a cord, and when fitted gives *great strength* and support, and keeps the Bedstead in proper shape. It cannot be doubted that this simple improvement, will, when known, take the place of every other method now in use. We can confidently recommend the above improvement to our customers and to the public, as the cheapest, most substantial and best Patent Bedstead ever invented.

Massachusetts Election.

By the enterprise of the proprietors of the Boston Atlas, the public are put in possession of the returns of the vote in 275 towns, leaving 27 yet to hear from. The returns so far as received, indicate that Governor Briggs wants about two thousand votes of being elected.—His plurality is very large. Throughout the State there was but a small vote cast. The Whig and Free Soil vote have fallen off, while the Democrats have gained. Brigg's plurality over Boutwell is 21,005 and over Philips, 25,880.

The returns, so far as received, indicate that the Whigs have certainly elected 21 of the 40 Senators, and probably 23. The Coalitionists have probably elected 13. In Franklin and Hampden counties there was no choice for Senators.

In the House the Whigs will have a large majority—from 60 to 70—thus ensuring the re-election of the present Chief Magistrate.

The fourth Congressional District has again failed of effecting a choice for member of Congress; but this time the Free Democracy, have in reality, sustained an overwhelming defeat. Mr. Thompson, the Whig candidate, has made a very handsome gain since the last trial, while Mr. Palfrey has fallen off. At the trial in September, the majority against Palfrey was 695; it now stands 3432, and Thompson leads Palfrey 608 votes. At the last trial, Palfrey led Thompson 753. The result shows what the Whigs can do if they make an effort.

The final conclusion of the whole matter is, that the State remains Whig in all its departments, and the Coalition cannot effect a change.

☞ The Boston Journal states that a man whose name is believed to be Thomas Brewer, of Halifax, N. S., was mortally wounded at an early hour on the morning of the 11th inst., on board the schooner "Herald," of Northport, Me., lying at Foster's wharf. The men implicated in the affair are Henry Porte, master, and Benjamin G. Pendleton, mate of the schooner, the latter of whom fired a gun at Brewer, the charge taking effect in the thigh, fracturing the bone, and injuring him so seriously that he survived but about twelve hours. Coroner Pratt summoned a jury of inquest, to investigate the matter.

There is nothing can *turn up* to beat this last.

☞ The Washington correspondent of the Philadelphia North American, states that the Hon Elisha H Allen, formerly of this city and a member of Congress from this District has received the Consulate at Honolula, which is a post of emolument and honor. ☞ At the meeting of the Superintending School Committees of this county held in this city yesterday, David S True Esq of Corinth was chosen a member of the Board of Education.

☞ The schooner Baltimore, of Harpswell, was driven ashore, bottom up, at Scarboro on Friday.

The Band of Sisters.

To the Editor of the Whig and Courier:—

The Concert of the Rileys, on Monday evening, Nov. 12th, was fully attended, and evidently delighted the audience. The little girl of eight years old, untaught, except by the voice of inspiration, is a remarkable instance of the superiority of Nature over mere Art. Only two years and a half have elapsed, since she commenced with the violin. The Hutchinsons, in their recent tour in this State, called upon her, and pronounced her musical attainments, upon that instrument, superior to those of any child of her age, that they had seen in this country or Europe,—and yet, this child has taken no lessons, except from the Giver of all good gifts, and the inspirations of her own soul—her violin is the voice of Nature, speaking to her auditors—and it is worth hearing, by the old and the young. There are two older sisters—one 12, the other 16—taught only in like manner—their performances are also very delightful. The parents of these children travel with them—they are all from "Old Kennebec;" have given concerts only one month—the family are all highly respectable—like the Hutchinsons, the yare of New England growth—Natives of Maine, and a few years will find them not less celebrated than the N. Hampshire "Tribe of Jesse."

Teachers' Institute.—According to previous notice, the Institute for this county commenced its session in Pensaure Hall, on Monday, Nov. 12, at 2 o'clock P. M. On account of the irregularity of the boats, the Principal, Mr. Fowler, of Boston, was not in attendance the first day. He, in connection with Dr. Rawson, of Feltonville, Mass., constitute the Board of Instructors, Mr. Moss takes charge of the Musical exercises.

Many of the Teachers of this county are always awake to the interest of the Common School; *they* are found at their parts *in season*. The badness of the roads, with other things, must delay some; and this may account, in part, for the tardiness of many of our best Teachers.

The present prospects of the Institute, give every evidence of a pleasant, and instructive session. G

Teachers' Institute, Tuesday, 9 o'clock, P. M.

The Institute having been previously organized, as a first exercise, listened to a Lecture from Rev. Dr. Pond. Subject,—"Moral Influence of the Teacher." Undue praises are disgusting, and perhaps, unthankfully received; but scarcely above our breath we want to say, *it was good*. How could it be otherwise? Among other important facts advanced, this one appeared prominent:—"A good heart was necessary to great success in teaching." This Lecture deserves to be noticed more at length.

A recess of fifteen minutes, enlivened by singing.

At 11 o'clock, Dr. Rawson took the stand, and introduced the subject of written Arithmetic. The elements and fundamental rules being somewhat dry, a cold atmosphere might have been expected which, in truth, was realized. This will not be the result in the next lesson—certainly not. Teachers, are you interested in this exercise? If so, *speak out*. This lesson embraced an explanation of Notation and Numeration, Simple Addition and Subtraction.

In illustration of these topics, Dr. Rawson advanced the idea, that there were but two fundamental principles in Arithmetic, namely, Addition and Subtraction.

The afternoon session commenced with a Lecture from Rev. E. G. Carpenter, of Dexter. Subject, The Mutual claim between the Teacher and Community.

This Lecture, coming as it does, from one so eminently qualified by experience and observation to judge of the wants of the Teacher and the wishes of the community, commends itself to an enlightened judgement. It was a practical affair, and must do good. Many interesting ideas were suggested, and important principles ably vindicated. The much abused topic of "penalty attached to law," or corporal punishment, was most happily established and defended. This penalty for broken laws of school government should not be left to die out in ignominious shame, and a new fangled system of sweetened suasion enthroned in its place as hetrodox, as anarchy. It does not need argument to show, that innovation in this department of school government is fruitful of disastrous effects.

Recess of 10 minutes.

Next in order, written Arithmetic. An interesting lesson. Topic, Multiplication. On account of the approaching darkness, this lesson was broken off, and the Institute adjourned to Wednesday, 9 o'clock.

Wednesday, 9 o'clock.

Met according to adjournment. After devotional exercises, Mr. Fowler entertained the Institute with some familiar talk upon duties of Teachers, such as promptness and punctuality. Punctuality in attending the meetings of the Institute, was strictly enjoined. The roll will be called precisely at 9 o'clock, absences and tardiness will be noticed.

At 10, the subject of Arithmetic was again resumed. A full developement of Multiplication was gone through with, and contractions in same noticed. Arithmetical signs were explained, their derivation traced.

At 11 o'clock, Mr. Fowler gave his method of teaching the Alphabet and Spelling. It would be necessary for one to listen to understand the whole plan. These lessons are invaluable to female instructors. Adj G.

California Correspondence.

On board Steamer Leonora, Rio Sacramento, Sept. 26, 1849.

To the Editor of the Whig and Courier:

Presuming that among the number of persons now in California from your vicinity, you would have several abler correspondents than myself to keep you advised of the matters of interest transpiring in this truly wonderful country, I have permitted a pressure of business to interrupt the correspondence I had commenced. The unexpected opportunity of making a steamer passage down this beautiful river, affords an opportunity to furnish a brief statement of the present occupation, and future prospects of the thousands who, with your humble servant, have left home and all that is dear to them, and come here to seek their fortunes.

Of the mining region in the vicinity of Culluma, (which is on the South fork of the American River, forty five miles from Sacramento city) embracing the North Middle and South forks, Webers Creek, and the numerous 'Dry Diggings' between them, I now speak with certainty, as from my position at C. I am brought into contact with *every Miner* who operates there, as often at least, as once each month, besides I have visited nearly all these 'Diggings' and have seen the dust washed out, varying in yield, from 12 1-2 cents to one thousand dollars to the pan of ten quarts of earth.

In these *river diggings*, the yield to all *who work* is now about one and one half ounces per day, though many average very much more and several small associations who have turned the streams from their beds have taken out immense quantities of the precious ore. The principal dry diggings, are at present not so extensively worked for want of water, but promise rich returns during the rainy season. I know of six men, who for three months past, have been working some dry diggins not ten miles from me, and during all that time have never taken out less than two hundred dollars per day to the man, and many days more than $1000.—So fearful are they of discovery that they come by night for their supplies of provisions, and to deposit their treasure in my safes, where it would do your eyes good to look upon rows of little buckskin sacks, well filled with the yellow dust.

I have every reason to believe that there are numerous ravines in the same vicinity equally rich, and have no idea they will be exhausted for many years.

This section of country being high up in the mountains, is far more healthy than that washed by the Yuba, Feather, and Sacramento rivers, and we have no diseases except those inseparable from the life of exposure and hardships attendant upon mining. The working in water, sleeping upon the cold damp ground and living for months upon salt provisions, and heavy bread, causes frequent cases of rheumatism and scurvy, and a very large proportion of those who make mining their business, will suffer for life, the effects of such exposure. In the section of country named above, there are more than ten thousand persons, not more than two thirds of whom work; the remainder is composed of young men who left easy berths at home, expecting to pick up the lumps with glove-protected fingers, and who cannot do the dirty work required by Nature when she mixed up the gold with clay and mud; sailors, who can never work when a bottle of brandy is to be obtained; gamblers, who reap a richer harvest than any other class of our population, and that undescribable race usually termed loafers. Many who would otherwise have done well here, are discouraged, and disgusted in consequence of the enormous ideas, and extravagant anticipations entertained previous to their arrival on the ground; they 'will not work for a paltry ounce per day,' and because fortunes are not to be realized in a day, become disgusted with the country and turn homeward without striking a blow.

On Yuba and Feather rivers much sickness prevails; principally fever and ague, and diseases of that class. Many of the miners are doing well, but very few escape the chills.

On the Stanislaus and other tributaries of the San Joaquin the diggings are not so generally rich, but the gold is larger, and one occasionally finds pockets that yield large returns.

Perfect order reigns in all sections, and life and property are quite as secure as in your own State.

By the November steamer I shall send to a lady resident of your city, some fifty specimens of gold from the various Placers, some of them very rare, and if you are able to find her out, she will without doubt be pleased to exhibit it them to you.

Of the unprecedented growth of San Francisco and the enormous prices of lots, and rents of rooms you are no doubt advised, but I suppose can scarcely realize the truth of such reports.

A house opened yesterday as a Hotel at the last named place, two and one half stories, forty feet by sixty, rents for $90,000, per annum.

The heat during the past summer has been intense. My thermometer stood at 114° in the shade at 2 P. M. every day for two or three weeks, yet such was the purity of the atmosphere, that I enjoyed perfect health, and did not find it so oppressive as one would suppose.

Please address you paper to me at Culloma.

Yours truly, Atlantic.

San Francisco, Sept. 31st.

P. S. At Benicia I saw Messrs Frost & Hinckley, both of whom have been quite sick but have recovered. Crockett is at Feather River. Charles Taylor with his company, are putting up their steamer at New-York. Charles Hemmenway is here.

Many descriptions of goods are becoming scarce and command high rates.

The Steamer sails at 6 A. M. to-morrow.

In haste, Yours truly, A.

Visit to the Great Crater of Fayal.

We make the following extract from the journal of our friend mentioned in our paper of yesterday:

Fayal, July 7, 1849.

This morning the word from about a dozen of our boys, who are determined to see every-thing, was *to the mountains*, about 8 or 9 miles into the interior. We were bent on ascending to the highest point, nearly 3000 feet, and finding the crater of the old volcano. The day was fair, the thermometer at about 80 deg., and all of us felt like seeing what Yankees could do alone. Old men shook their heads in doubt at our scheme, others said that we must take donkeys and a guide, but we rejected all, and taking the first turn out of the town, began to ascend the mountains.

Upward and onward we went, over hugely paved and narrow streets; for the roads in the country as well as the town are all paved here, as the soil is too soft and friable for wear without paving. We passed cottages, houses and huts, mud and stone walls with thatched roofs, each, be it a hut or an upper-class house, having a square yard or pen directly before the front door, in which were from one to a half-dozen most wretched looking hogs, with a goat or two in the background. The fields were well cultivated and waving with corn and wheat, now golden ripe.

We had many curious interviews with the natives, all of whom begged for tobacco and money; but they found us rather dry subjects.

Onward we went and upward, '*Excelsior*' our motto, and no one venturing to speak of weariness. However, as if by common consent, when we had gone some five or six miles, and the dwellings began to disappear, and only here and there a shepherd boy was seen with his herds, we made frequent pauses, and refreshed ourselves while we contemplated the extent of ocean and island at our feet. About 2 o'clock we reached the summit of the mountain which had seemed to recede before us, when on a sudden, and by three paces advance, the crater burst upon us in all its awful magnificence, making us instinctively recoil from the yawning gulf which opened at our very feet.

Five or six only ventured on the descent into this crater, which looks like the hole thro' which the recreant angels were plunged into the nether regions. The rest of our party scattered, and we saw them no more till our return to the vessel.

Down we went, down, down into the crater, now climbing from rock to rock, and now sliding down twenty feet upon the grass. We passed through deep gorges, where were living springs of water, and again emerged to the sun-light. At length we reached the bottom; where looking upwards the scene was grand and fearful. Imagine a large cauldron three miles across the top, one mile across the bottom, and from 1500 to 2000 feet deep, the sides nearly perpendicular, or sloping but 15 degrees, covered with grass, or black with huge spurs of lava, and deeply scored by the torrents that have washed down the loose soil into the bottom; if you can imagine this sunken world as it were, you will have some idea of our sensations. It is a world in itself. Here hundreds of sheep graze, who never ascend to the outer world, looking from the top no bigger than rats; there, in and over a dark pool of water which covers part of the bottom, large birds congregate and scream. A small mountain about 200 feet in hight rises from the centre of the large crater, and this also has its crater extending to the bottom, the whole evidently the effect of a more recent eruption than that which took place through the great crater and formed the island. After taking some measurements to ascertain the heights of the crater's sides, we commenced our ascent on another side from the one which we descended, but we had occasion to repent our temerity; for after toiling up a thousand feet through a deep gorge, we came to a halt; for thence the side springs a hundred feet perpendicular before you could again get footing. Two of our company became alarmed, descended to the bottom, and missing the path by which they first descended were obliged to pass the night in the crater.—The others were more daring or less cautious, and among them you would of course expect to find myself, determined not to be baffled.—I sought for the best possible chance of ascending by verging to the right, and here discovering the toe-prints of some daring spirit, I ventured to climb round the spur by holding on to the long grass. The attempt was fearful and called for all my firmness of nerve. The side to which I clung varied but a little from a perpendicular. Above me towered the mountain forbidding access, below me yawned a chasm a thousand feet deep; while I clung to the side only by holding on to the grass, and thrusting my toes at each step into the soft turf. A single misstep, the yielding of the sod beneath my feet, or the grass by which I hung, I should have been dashed to pieces at the bottom, as the mangled carcasses of several sheep thence fallen attested. But after half an hour's fearful toil, myself and companions emerged from our perilous situation, grateful to heaven for deliverance, and determined never to be caught so again.

It was now near night, and we had 8 or 9 miles to descend. We set off at a round trot jumping, sliding, and clambering down as best we could. When we came down to the first huts of the shepherds, we stopped and obtained some milk, which the good woman stripped from her goat, and this with a loaf of sour corn bread, tasted as sweet as the most dainty supper I ever ate. We took it sitting upon the stone wall, and gave the woman two fips, and continued our descent. We reached the town about 9 o'clock, and found the Captain waiting for us with his boat.

FOR CALIFORNIA.
DESPATCH LINE.
A RARE CHANCE FOR PASSENGERS.
The superior fast sailing ship PHOE-
NIX, 350 tons, will sail on or about
the 15th of November. The Phoenix
is now fitting up in an elegant man-
ner for the accommodation of passen-
gers. The ship has entire between decks, fore
and aft—ventilation from both sides and above.—
The Phoenix will be provisioned with the best
the market affords. The first cabin has large and
spacious state rooms connected with it for the ac-
commodation of gentlemen with their ladies. Sev-
eral of the state-rooms are already taken by gen-
men with their wives.
The master of this vessel has had great experi-
ence, having been around Cape Horn several
times. The Phoenix has been pronounced by ex-
perienced ship owners, to be one of the best ships
that has sailed from Boston harbor.
She is built of white oak, coppered to her heads,
and copper fastened.
There are many advantages to be derived from
a voyage round Cape Horn at this season of the
year; the months of January and February (being
the time at which this vessel will arrive there,
corresponding to our summer months. Everything
about the ship is arranged for the comfort and con-
venience of passengers. Persons desirous of avail-
ing themselves of this rare opportunity are desir-
ed to make early application to ensure choice of
berths.
The Phoenix being a first class ship is insured at
one of the best Offices in State street, consequent-
ly those desirous of making shipments can get their
goods fully insured.
Price of passage, $150.
For freight or passage, apply to
C. B. CHADWICK,
Office 108 State street.
This ship goes out consigned to a long establish-
ed house in San Francisco, and offers a rare
chance to persons desirous of making shipments.

GREAT COUGH REMEDY!

AYER'S
CHERRY PECTORAL
For the Cure of
COUGHS, COLDS,
HOARSENESS, BRON-
CHITIS, CROUP, ASTH-
MA, WHOOPING-COUGH
AND CONSUMPTION.
THIS truly valuable Remedy for all diseases of the
Lungs and Throat, has become the chief reli-
ance of the afflicted as it is the most certain cure
known for the above complaints. While it is a pow-
erful remedial agent in the most desperate and al-
most hopeless cases of Consumption, it is also, in di-
minished doses, one of the mildest and most agreea-
ble family medicines for common coughs and colds.—
Read below the opinion of men who are known to the
world, and the world respect their opinions.
PROF. CLEAVELAND, of Bowdoin College, Maine,
Writes—"I have witnessed the effects of your Cher-
ry Pectoral in my own family and that of my friends,
and it gives me satisfaction to state in its favor that
no medicine I have ever known has proved so emi-
nently successful in curing diseases of the throat and
lungs."
REV. DR. OSGOOD
Writes—"That his daughter after being obliged to
keep the room four months, with a severe settled
cough, accompanied by raising of blood, night sweats,
and the attendant symptoms of Consumption, com-
menced the use of the 'Cherry Pectoral,' and had
completely recovered; also that he considers 'Cher-
ry Pectoral' the best remedy for pulmonary com-
plaints ever given to the public."
DIRECT EVIDENCE.
Springfield, Nov. 27, 1848.
Dr. Ayer: Dear Sir—For two years preceding the
1st of November, 1847, I had been reduced very low
with a very severe Cough, accompanied by spitting of
blood and profuse night sweats. By the advice of my
attending physician, I was induced to use your
"Cherry Pectoral," and continued to do so till I con-
sider myself cured, and ascribe the effect to your
preparation. JAMES RANDALL.
At the office of Hon. Geo. Ashmun, mem. Cong.,
Springfield, Mass.
DR. PERKINS, President Vermont Medical College,
One of the most learned and intelligent physicians in
the country, considers it a "composition of rare excel-
lence for the cure of that formidable disease, Con-
sumption."
The Canadian Journal of Medical Science
States that, "the prevailing Asthma of this inclem-
ent climate has yielded with surprising rapidity to
Ayer's Cherry Pectoral, and we cannot too strongly
recommend this skilful preparation to the Profession
and public generally."
From the "LONDON LANCET."
"Ayer's Cherry Pectoral is one of the most truly
valuable preparations that has fallen under our notice.
After a careful examination, we do not hesitate to
say we have a large appreciation of its merits and the
fullest confidence in its usefulness for coughs and lung
complaints."

Another Life Saved.

Read the following letter from a Clergyman of Camden, Me, to the Editor of the Gospel Banner

DOWN'S ELIXIR,—A CURE.

BR DREW—being anxious to do good to my fellow beings, as I have means and opportunity I wish to state, through the Banner, that in my sickness last winter and spring, I received very great benefit from the use of N H DOWN'S ELIXIR

I had been troubled some weeks with a severe cold which so affected the vocal organs, that it was with great difficulty I discharged the duties of my office My cold continued until I was completely prostrated by bleeding which created a dry, hard cough My appetite failed, my strength wasted, and my flesh disappeared Seeing Wistar's Balsam of Wild Cherry recommended in the Banner I procured a bottle and commenced taking it, and continued its use until I had taken three bottles, when I became satisfied that it contained opium, making a large amount of physic necessary, and also contracting the very organs that should be relaxed I used other kinds of patent medicines, but with no good effect seven weeks I continued gradually to sink under my disease, at the expiration of which time, I was extremely weak my skin dry and husky, and my feet and hands cold most of the time I had a dull, heavy pain between my shoulders, and a distressing pain at the pit of my stomach My tongue was coated with a thick, white fur, bowels very irregular and costive, hectic fever night sweats dry, hard cough, difficulty of breathing, and low spirits My stomach at this time was so sore and weak, that it was with difficulty I could stand erect This was my situation when I commenced the use of N H DOWN'S ELIXIR—And to my great joy, and the greater joy of my friends, I found that at the end of a few days had regulated my bowels equalized the circulation and produced a healthy moisture upon the skin I used three bottles in two weeks, which entirely removed the soreness and weakness from my stomach, gave me a good appetite, and greatly improved my strength I continued its use six weeks, using six bottles at which time I was able to resume my ministerial labors I have since recommended it to a large number, and have never known it to fail of doing good where the directions were followed

I have given it to my children in *colds* and in a case of *measles*, and it has proved ALL it is recommended to be

I therefore, *cheerfully* recommend N H DOWN'S VEGETABLE BALSAMIC ELIXIR to all who are afflicted with any of the diseases for which it is recommended Yours truly, J L TUTTLE

Camden, August, 1849.

Facts deduced from the foregoing letter

1st Down's Elixir is Laxative—curing costiveness while other medicines increase that difficulty

2d It is perspirative—it raises the circulation—restores a healthy moisture to the skin, and vigor and tone to the system

3d It removes soreness and weakness from the stomach—gives a good appetite, and restores strength to the system

4th It cures colds—is an effectual remedy for the measles and proves ALL IT IS RECOMMENDED TO BE

It is sold by Druggists and dealers in medicine throughout the country, and at wholesale and retail at proprietor's prices by DAVID BUGBEE, G W LADD, CURTIS & PERKINS, A P GUILD, WM MANN, G McFARLAND Bangor; S Smith, J W Curtis & Co, Hampden; Chas Johnson, J B Chick, Frankfort; H P Fifield, Bucksport; J Hooper Jr, S P Hatch & Co, Castine; B Nourse, Geo Parcher, Ellsworth; E P Butler & Co, Orono; J & R Fisk, H & J Y Richardson, Oldtown; Wm O P [illegible], Belfast; Chas A Macomber, R P Sloboub [illegible], East Thomaston

DR. TOWNSEND'S COMPOUND EXTRACT OF SARSAPARILLA,

The Wonder and Blessing of the Age

MOST EXTRAORDINARY MEDICINE IN THE WORLD

This extract is put up in Quart Bottles—it is six times cheaper, pleasanter and warranted superior to any sold. It cures without vomiting, purging, sickening or debilitating the Patient.

The great beauty and superiority of this Sarsaparilla over all other medicines is that while it eradicates disease it invigorates the body It is one of the very best

SPRING AND SUMMER MEDICINES

ever known it not only purifies the whole system and strengthens the person but it creates new, pure and rich blood, a power possessed by no other medicine And in this lies the grand secret of its wonderful success — It has performed within the last five years, more than 100,000 cures of severe cases of disease, at least 15,000 were considered incurable It has saved the lives of more than 5,000 children during the two past seasons

10,000 *CASES OF GENERAL DEBILITY AND WANT OF NERVOUS ENERGY*

Dr Townsend's Sarsaparilla invigorates the whole system permanently To those who have lost their muscular energy by the effect of medicine or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, premature decay and decline hastening toward that fatal disease, Consumption, can be entirely restored by this pleasant remedy This Sarsaparilla is far superior to any

INVIGORATING CORDIAL,

As it renews and invigorates the system, gives activity to the limbs, and strength to the muscular system, in a most extraordinary degree

CONSUMPTION CURED.

Cleanse and Strengthen Consumption can be cured Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or profuse Expectoration, Pain in the Side, &c, have been and can be cured

SPITTING BLOOD.

New York, April 28, 1847

DR TOWNSEND—I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life I have for several years had a bad cough It became worse and worse At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live — I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me I am now able to walk all over the city I raise no blood, and my cough has left me You can well imagine that I am thankful for these results.

Your obedient servant,

WM RUSSELL, 65 Catharine st.

RHEUMATISM

This is only one of more than four thousand cases of Rheumatism that Dr Townsend's Sarsaparilla has cured The most severe and chronic cases are weekly eradicated by its extraordinary virtues

James Cummings, Esq, one of the assistants in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter

Blackwell's Island, Sept 4, 1847

Dr Townsend—Dear Sir I have suffered terribly for nine years with the Rheumatism, considerable of the time I could not eat, sleep or walk I had the most distressing pains and my limbs were terribly swollen I have used four bottles of your Sarsaparilla and they have done me more than one thousand dollars worth of good I am so much better—indeed, I am entirely relieved You are at liberty to use this for the benefit of the afflicted Yours, respectfully,

JAMES CUMMINGS

FITS! FITS! FITS!

Dr Townsend, not having tested his Sarsaparilla in cases of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Westchester County

Fordham, August 13, 1847

Dr Townsend—Dear Sir I have a little girl, seven years of age, who has been several years afflicted with Fits we tried almost every thing for her, but without success, at last, although we could find no recommendation in your circulars for cases like hers, we thought, as she was in very delicate health, we would give her some of your Sarsaparilla, and are very glad we did, for it not only restored her strength, but she has had no return of the Fits, to our great pleasure and surprise She is fast becoming rugged and hearty, for which we feel grateful Yours, respectfully,

JOHN BUTLER, Jr

FEMALE MEDICINE.

Dr Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Prolapsus Uteri or Falling of the Womb, Costiveness, Piles, Leucorrhoea or Whites, obstructed or difficult Menstruation, Incontinence of Urine or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or causes, produced by irregularity, illness, or accident Nothing can be more surprising than its invigorating effects on the human frame Persons all weakness and lassitude, from taking it, at once become robust and full of energy under its influence It immediately counteracts the nervelessness of the female frame, which is the great cause of Barrenness — It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted, that hundreds of cases have been reported to us. Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine healthy offspring

TO MOTHERS AND MARRIED LADIES.

This extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "*The turn of life,*" should neglect to take it, as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life This period *may be delayed for several years by using this medicine* Nor is it less valuable for those who are approaching womanhood as it is calculated to assist nature by quickening the blood and invigorating the system Indeed this medicine is invaluable for all the delicate diseases to which women are subject

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, not so far stimulating as to produce subsequent relaxation—which is the case of most medicines taken for female weakness and disease. By using a few bottles of this medicine, many severe and painful surgical operations may be prevented

GREAT BLESSING TO MOTHERS AND CHILDREN

It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon child birth ever discovered. It strengthens both the mother and child, prevents pain and disease, increases and enriches the food—those who have used it think it is indispensable It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth—in Costiveness, Cramps, Swelling of the Feet, Despondency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal. The great beauty of this medicine is it is always safe, and the most delicate use it most successfully, very few cases require any other medicine—in some a little Castor Oil or Magnesia is useful Exercise in the open air, and light food with this medicine, will always ensure a safe and easy confinement

BEAUTY AND HEALTH

Cosmetics, Chalk, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty. They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in soaps, beautifies its own production in the "human face divine," as well as in the garden of rich and delicately tinted and variegated flowers A free, active and healthy circulation of the fluids or the coursing of the pure, rich blood to the extremities is that which paints the countenance in the most exquisite beauty It is that which imparts the indescribable shades and flashes of loveliness that all admire but none can describe. This beauty is the offspring of nature—not of powder or soap. If there is not a free and healthy circulation, there is no beauty If the lady is fair as driven snow, if she paint and use cosmetics, and the blood is thick, cold, and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes, that is fascinating.

This is the reason why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes, and beautiful complexions, they should use Dr. Townsend's Sarsaparilla. Thousands who have tried it, are more than satisfied, are delighted Ladies of every station crowd our office daily

NOTICE TO THE LADIES

Those that imitate Dr Townsend's Sarsaparilla have invariably called their stuff a *great remedy for females*, &c, &c, and have copied our bills and circulars which relate to the complaints of women, word for word

Other men who put up medicine have, since the great success of Dr Townsend's Sarsaparilla in complaints incident to females recommended theirs, although previously they did not A number of these Mixtures, Pills &c are injurious to females, as they aggravate disease and undermine the constitution

SCROFULA CURED

This Certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the blood [illegible] persons cured in one house is unprecedented

THREE CHILDREN.

Dr Townsend—Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine — They were afflicted very severely with bad sores, have taken only four bottles it took them away, for which I feel myself under great obligation Yours respectfully,

ISAAC W. CRAIN, 106 Wooster st

OPINIONS OF PHYSICIANS

Dr Townsend is almost daily receiving orders from Physicians in different parts of the Union

This is to certify that we, the undersigned, Physicians of the city of Albany, have in numerous cases prescribed Dr Townsend's Sarsaparilla and believe it to be one of the most valuable preparations of the Sarsaparilla in the market.

NEW AND Important Discovery

GRAY HAIR can be restored to its original color whether Auburn, Brown or Black Sandy, Light or Red Hair can be matched with any darker shade, surpassing in beauty even the most natural locks, returning the gloss and softness of the original Hair, by using O M Ballard's

Permanent Liquid Hair Dye,

Of one preparation, which is entirely different from all other preparations of Hair Dye now before the public It is free from all injurious properties, which can be tested by taking a lock of the finest and most delicate Hair of an infant, and color it with the Dye, which will not impair its gloss or its texture in the slightest degree, which is the best evidence which can be given that it is not injurious On the contrary, it improves the lustre of the Hair, promotes its growth, and prevents it from falling out, and unlike other preparations after the Hair is colored and dry, will not crock, fade, or wash out

In short, from its peculiar delicacy, softness, and easy application, it is worthy the attention of all who may wish to improve the color of their Hair as it will make any shade, from a white to a jet black. It is now used to an unaccountable extent, by persons who have prematurely turned gray, and others whose Hair is of no desirable color, which they restore or exchange for a beautiful Auburn Brown or Black, without any additional preparation or the slightest trouble.

McKENNEY'S COSSACK SALVE!! An Invaluable Remedy

FOR Fever Sores, Rheumatism, Swelling of the Feet and Limbs, Swelling of the Tonsils or Sore Throat, Chronic Eruptions of the Skin, and all Scrofulous Diseases Rigid Cords occasioned by Colds or Strains, Stiff Neck, Chilblains or Chapped hands, Sore or Inflamed Breast, Weakness or Pains in the Stomach, Piles Corns, Warts, and Common Sores and Cuts and Bruises of all kinds

In bringing this article before the Public, we are aware that we labor under no small disadvantage amidst the multitude of "All Healing Ointments" and "Panaceas" that are now advertised as the "most effectual" and "certain cures" for all diseases indiscriminately, to which man or animals are subject

A history of this Salve, and the wonderful cures it has effected in the above complaints, will be found in a pamphlet accompanying each Box—a reference to which is invited before purchasing

We would only add that we have undertaken the task of manufacturing the above named Salve at no inconsiderable trouble and expense, not as much as a matter of speculation and pecuniary benefit as in compliance with the earnest and repeated solicitations of personal friends, and those who have experienced its wonderful medicinal and all healing properties

They say, indeed, that we do not expect to realize a handsome remuneration for our services, would be alike useless and untrue But we flatter ourselves that if, forsooth, we are richly paid, and the article soon very soon has an extensive sale—the Public are receiving a full and ample equivalent

As we have already intimated, we do not and shall not call to our aid the empty '*puffing of the Press*,' or the 'bought certificates' of individuals, and shall make use of them only so far as they have been, or hereafter may be, entirely *voluntary* and *unsolicited*

The Salve is now before the Public!

They, and they alone, will decide upon its real virtues and medicinal properties To say less, were injustice to ourselves—to say more would be superfluous

Here are some of the many Certificates —

The subscriber was afflicted with a Fever Sore upon his leg for about six years, and in the winter of 1845 it commenced swelling from the ankle to the knee After using many remedies without success I applied some Salve obtained of Mr A. M McKenney, and continued its application until I had used six bottles, which entirely cured me, and I have had no return of the disease since I would also say that I know the above Salve to be a cure for CORNS, one of my family having used it for this purpose with complete success

DANIEL SEAVEY.

Dexter, (Maine) May, 1846

This certifies that one of my sons having been afflicted with a Fever Sore for more than a year, and having tried various means to effect a cure, without success which cost me about forty dollars, I bought 14 oz of JONATH N McKENNEY'S SALVE, which effected an entire cure in less than two months SIMEON MARSTON

Gray, May 11, 1846.

BANGOR June 5, 1846

Mr. McKenney—In going into the woods in the autumn of 1845 with the charge of quite a number of men, for the winter lumbering operation, I was induced to take a few bottles of your Salve, it having been recommended to me as one of the best remedies for accidental Cuts and bruises, and I found indeed, to my great satisfaction, that it was an invaluable article I also made application of it in cases of Cuts Sprains, and Bruises upon my cattle and found it equally beneficial It can truly be called the All Healing Salve.

DR. STEPHEN JEWETT'S

Justly and Highly Celebrated

Family Medicines,

Used by Physicians of high Standing

Prepared by STEPHEN JEWETT, son of the late *DR STEPHEN JEWETT of Rindge, N H*

IT is not pretended that ANY ONE of these Medicines will RELIEVE OR CURE EVERY DISEASE ALL REASONABLE PERSONS KNOW NO SINGLE ARTICLE CAN ACCOMPLISH SUCH RESULTS But it is TRUE FACT of these medicines by thorough trial, will be pronounced to have NO SUPERIOR OR EQUAL FOR RELIEF and PERMANENT CURE of those diseases for which they are recommended, as they have been tried, and proved by their continued use for the last fifty years by NUMEROUS FAMILIES and PHYSICIANS to be TRULY "FAMILY MEDICINES" and pronounced to be ALL the MEDICINES ANY PERSON OR FAMILY can require, and in very extraordinary cases Their power over disease has not *been excelled—if equalled*—is numerous cures attest where skillful physicians have failed to produce relief

ALL CAN BE CURED, WHO WILL USE THEM AS DIRECTED, IT IS THEN THE POWER OF MEDICINE

Dr. Stephen Jewett's Celebrated True Health Restoring Bitters

These Bitters remove all morbid secretions, purify the blood, give great tone and vigor to the digestive organs, cure diseases that already exist, fortify the system against all future disease, can be taken with safety,—at no time debilitating the patient being grateful to the most delicate stomach, and remarkable for CHEERING, INVIGORATING, STRENGTHENING and RESTORATIVE PROPERTIES, and an invaluable and sure remedy in

Liver Complaints, Jaundice,

Dyspepsia, Flatulency or Wind Costiveness, Faintness, Pain in the Side Bones or Joints, Disorders of the Skin Liver and Kidneys, Relaxed Bowels Loss of Appetite, Unnatural Appetite, Sleeplessness, Depression of Spirits, Piles, Humor, Worms, Sinking and Fullness or Weight at the Stomach; Nervous Headache, and every form of Indigestion, Nervous Irritability, Giddiness Drowsiness, Wandering Pains, Palpitation of the Heart; Scrofula, St Anthony's Fire, Salt Rheum Canker, Cancerous Sores, Incipient Consumption, and all other diseases caused by an impure state of the Blood, Liver, &c, or which tend to debilitate and weaken the system

To FEMALES, who suffer from a Morbid and Unnatural Condition, and who seem threatened with CONSUMPTION, this is a Medicine of Inestimable Value It is an *Excellent Remedy in* SUMMER COMPLAINTS and a *Great Preventive* of FEVERS

Dr Stephen Jewett's highly Celebrated Pulmonary Elixir.

This Elixir contains many of the most highly approved cough or expectorant medicines, recommended by the United States, London and Edinburgh Colleges of Health; but being peculiarly and fortunately combined, is truly wonderful in its good results *Particularly should this Medicine be in every Family where there are CHILDREN*, as the delay incident to procuring a Physician has often proved fatal to those whom *timely assistance would have SAVED*

This Elixir will prove itself to excel any thing, as a sure remedy in

Consumption of the Lungs, Coughs,

Colds, Sore Throat, Influenza, Asthma, Bronchitis, Quinsy, Croup, Whooping Cough, Difficulty of Breathing, Pains in the Side or the Breast, Soreness of the Chest, Distress when lying upon the side, producing Choking, or sense of Suffocation &c,

Dr Stephen Jewett's Justly Celebrated Strengthening Plaster.

This Plaster is composed of quite a number of vegetable substances peculiarly compounded — There never has been, and there is not at the present time, a better plaster made, for the various purposes for which plasters are used It HAS NO SUPERIOR for removing

Pain, Internal Inflammations,

Rheumatism, Gout; Swollen or Weak Joints, Limbs or Cords, Lameness, Cramp, Pains or Weakness in the Side, Back or Breast, Weak Stomach, &c &c, and when used in

LIVER AND PULMONARY DISEASES

will prove very beneficial to those suffering with such complaints

"Dr S Jewett

Dear Sir,—I have examined your *Pulmonary Elixir* and am well satisfied that it merits the *full confidence* of the community, as being what it purports to be, an efficient and *safe* remedy for *all* the diseases to which the respiratory organs are subject. It may be used with much more *safety* than almost any other article offered for this purpose inasmuch as the danger of impaired action of those organs, the frequent and legitimate result of most other remedies of the class, by reason of *their opiate character, is, by this, entirely obviated*

The physician who should meet with it in families, would find it a *ready assistant*, by which his own labor in the dispensation of medicine would be obviated, and his efforts for relief essentially aided

PORTLAND, Me, April 24, 1849

Dr Stephen Jewett

Sir —Having used your *Health Restoring Bitters* and *Pulmonary Elixir*, to a considerable extent, in my family, for the past winter, I would beg leave to bear testimony as to the efficacy of those medicines, the former for *restoring loss of appetite*, for *headache, languor*, and *general debility*, the latter for *coughs* and *sore throat*.— In fact, I think *no family should be without those restoratives always at hand* thereby frequently, *superseding the necessity of* calling in a *physician*

Your ob't serv't, CALEB S. CARTER

From George W McLellan, Esq, formerly a distinguished citizen of Maine, now of the city of Boston.

BOSTON, Mass, May 3, 1849.

Dr Stephen Jewett

Sir—I have used your *Pulmonary Elixir* in my family for a year or more and it has proved *decidedly the best cough medicine I have ever known* I therefore most heartily recommend it to all who may require such a medicine Respectfully yours,

GEO W. McLELLAN.

DR CHRISTIE'S GALVANIC BELTS, BRACELETS, NECKLACES, AND MAGNETIC FLUID.

For the Removal and Permanent Cure of all

NERVOUS DISEASES,

And of those Complaints which are caused by an impaired, weak or unhealthy condition of the

NERVOUS SYSTEM

This beautiful and convenient application of the mysterious powers of GALVANISM AND MAGNETISM, has been pronounced by distinguished physicians both in Europe and the United States, to be the *most valuable medical discovery of the age*

Dr. CHRISTIE'S GALVANIC BELT and MAGNETIC FLUID,

is used with the most perfect [illegible] all cases of,

GENERAL DEBILITY

The following letter narrating one of the most remarkable events in the annals of Medical science, is from the

Rev. Dr. Landis, a Clergyman

of New Jersey of distinguished attainments and exalted reputation —

SIDNEY New Jersey July 1 1848

Dr A H CHRISTIE—Dear Sir You wish to know of me what has been the result in my case of the application of THE GALVANIC BELT AND NECKLACE My reply is as follows

For about *twenty years* I had been a severe sufferer from Dyspepsia Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever My physician and minister [illegible] About *fourteen years* since in consequence of frequent exposure to the weather in the discharge of my pastoral duties I became subject to a severe Chronic Rheumatism which for year after year caused me inexpressible anguish In the winter [illegible] the skill of my physicians [illegible] [illegible] only temporary Finding at the winter of [illegible] [illegible] I was in a perfect of [illegible] [illegible] With various [illegible] the Bronchitis which [illegible] [illegible] to resign my [illegible] pastoral labors *My nervous system* was *utterly prostrated* and as my Bronchitis [illegible] worse so did my Dyspepsia and Rheumatic affection This evincing that the disease [illegible] [illegible] with [illegible] through the [illegible] Nervous System My [illegible] All [illegible] [illegible] [illegible] from the discharge of [illegible] [illegible] of [illegible] the highest of [illegible]

But reasoning from effect to cause I [illegible] that the *Nervous System* must be [illegible] [illegible] [illegible] these most distressing maladies [illegible] [illegible] [illegible] which could [illegible] and recuperate my [illegible] [illegible] [illegible] I had tried [illegible] [illegible] At last I was [illegible] [illegible] [illegible] your invention [illegible] [illegible] [illegible] sanguine hopes of [illegible] [illegible] determined to try the effect of the Galvanic Belt and Necklace with the MAGNETIC FLUID This was in June 18[illegible] TO MY GREAT ASTONISHMENT IN TWO DAYS MY DYSPEPSIA HAD GONE, IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS NOR HAVE I SINCE OMITTED A SINGLE SERVICE ON ACCOUNT OF THE BRONCHITIS, AND MY RHEUMATIC AFFECTION ALSO CEASED TO TROUBLE ME If it [illegible] I could fill a sheet of paper with the [illegible] of particulars but I can now only furnish this brief abstract My Dyspepsia has *never returned* the Rheumatism once in a while visits me but not severely and is rapidly arrested and is manifestly being driven from its hold upon my system and my Bronchial affection is *entirely cured* Such is the wonderful and happy results of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from neuralgic affections They have tried them WITH HAPPY RESULTS, I BELIEVE IN EVERY CASE

I am dear sir, very respectfully yours
